

Anna Quincey (she/her)

Front-End Developer · Vienna, AT

I am a web developer with over 12 years of experience in the front-end and a special background in digital design. My focus is on creating engaging, accessible & performant interfaces for humans. I am currently looking for new challenges.

Custom Section

You can add classes, ids, and attributes to the HTML by using this syntax:

```
{.element-class #element-id data-custom="custom data"}
```

Refer to **markdown-it-attrs** for more info.
